MOTHER REGAINS CUSTODY OF TRIPLETS BY WEDDING ONE OF TWO WOMEN IN CASE

MIAMI, Fla., April 17.—A 28-year-old mother regained custody of her young boy-triplets here Thursday by marrying one of the two men claiming to be the children's father.

Everyone seemed pleased with the outcome of the case except the outcome of the case except attorney, George Okell, he said, "My client maintained the real father and threatened to bring habeas corpus proceedings."

Juvenile authorities took the

children from the mother several months ago, while she was married to another man, when the question of their custody was raised. She was charged with neglecting her sons' welfare. The mother first said the father of the triplets was a Miami man. Later she asserted the children's father was a Canadian man who resided in the United States. The mother married the West Palm Beach man.

The names of the principals in the case were not announced.

BRITISH SEND STIFF PROTEST OVER BOMBING

Continued from Page One

as follows: A British ambulance camp was deliberately bombed with four patients killed and several wounded on March 4. The material damage to the ambulance had to be withdrawn for re-employment. On March 4 the ambulance camp was bombed for a fourth time.

RELATIVE EVIDENCE

"The relative evidence available to the British note adds 'evidence which it is understood has been substantiated by photographs taken at the spot at the time of the first raid. His Majesty's government can only regard the previous advances contained in the letter of Sir George Gurnea, British ambassador in Paris, as a stiff protest against the bombing of the ambulance camp, which is a violation of the law of nations and the desire of the British government to present excuses for their actions."

Bodies Returned

THINKING, April 17.—Soviet authorities today returned to the border detachments the bodies of three Japanese soldiers and two Russian troops following the border clash near Sushino April 9. A Soviet army headquarters said

LET'S MAKE A CONSTITUTIONAL REFORM

ALMOST CERTAIN TO BE PUT OVER NEXT YEAR

Efforts to Amend B.N.A. Act Without Recourse to British Parliament Cannot Succeed at Present.

OTTAWA, April 17.—Constitutional reform which seemed almost a certain issue at the opening of parliament in February, will probably go over until next year, according to the best information available last night. Some weeks ago it was expected that the efforts engaging the attention of dominion and provinces to obtain power for Canada to amend the British North America Act without recourse to the British parliament could not succeed during the present session. It was believed, however, that certain specific amendments would be sought and approved by the house and senate.

TEMPORARY SUSPENSION

It is now considered unlikely that any amendments will be asked during the present session. A resolution is on the order paper containing a petition to Westminster to amend the British North America Act so that a loan council scheme for the provinces and financial aid will be set up, but recent developments have caused a temporary suspension of this plan.

The Dominion-province conference in December, soon after the general government took office, it was decided that certain specific amendments to the constitution were necessary, and that Mr. Brunwyn dissenting, it was agreed that Canada should not exercise the right enjoyed by other dominions of amending her own constitution.

PLANS LAUNCHED

Plans were launched by which present might be reached by a re-amendment of the British North America Act, a special amendment put through, and that Canada might enjoy a special status. A sub-committee of experts has been working to that end for many months.

ASK POWER TO LEAD

The resolution which appears in the name of Justice Minister Lapointe contained a petition, which would also have to be carried in the Senate, asking the British parliament to amend the British North America Act to the extent that the Dominion might be empowered to send money to the provinces and accept specific colonial and other definite revenues.

It was also proposed to amend the act so as to legalize imposition by the provinces of certain indirect forms of taxation such as assessment and entertainment taxes which are now levied by the Dominion.

UNANIMOUS AGREEMENT

This resolution was not formulated until unanimous agreement had been reached by the provinces. Before it could be moved in the house, however, Premier Albert of Alberta announced he would be bound by the proposed new set-up borrowing from the Dominion. He maintained that position to the extent of defeating a motion on April 1. Premier Bennett of British Columbia also raised objections.

Finance Minister Dunning, sponsor of the plan, then took the stand that there was no objection to the plan, but the petition to Westminster when the provinces most concerned were present, and was approved by the plan. It is expected he will move further to the provinces, the borrowing provinces in an effort to obtain new agreement on this subject on some other that may be advanced.

CONSTITUTIONAL DEBATE

There will be a constitutional debate in the senate, however. Senator Leveson has given notice that he will raise the question as to what steps are proposed to obtain a constitutional autonomy for Canada. Location of the Supreme Court of Canada on the subject of legislation adopted by the provinces is not expected until late in the session. The judges handled a heavy calendar of cases, and will continue their judgments will be delayed.

Teaching To Be Given Status Of Profession, B.C.

VANCOUVER, April 17.—Delegates to the British Columbia Teachers' Federation convention here last night completed preliminary discussion on the proposed incorporation which will give teaching the status of a profession. Various amendments have been made to the bill which will be reprinted and circulated through the various associations in the province from which action toward submitting it to the legislature is taken.

Four Years Prison

KIRKLAND LAKE, Ont., April 17.—John Trusovsky, 31, Kirkland Lake restaurant proprietor, was sentenced Thursday to four years in Kingston penitentiary on a charge of attempting to murder his wife. Trusovsky was convicted Wednesday by a supreme court jury.

Hollywood Romancing At Circus

A new spot for romancing, so far as screen people go, is the circus—here, Richard Hudson and Richard Cromwell, both of them film players, try it at the A.C. Barnes Circus, Angeles.

TEN COMMANDMENTS FOR MOTORISTS OFFERED BY EPISCOPALIAN BISHOP

EVANSTON, Ill., April 17.—Bishop George Craig Stewart, of the Episcopal church, offered the Episcopalian Council this "Driver's Decalogue," or "Motorists' Ten Commandments," in an address last night.

- 1—Thou shalt keep "safely first" ever before thee.
- 2—Thou shalt not make thyself a dangerous nuisance, nor the life of any one else, by carelessness of any one that grabbleth the road beside and the road ahead and cutteth in and out of the line.
- 3—Thou shalt not take the time of the state in vain for the cop and the judge will not hold thee in prison that taketh the laws in vain.
- 4—Remember thy brakes and tires and take curves slowly.
- 5—Honor the red lights and the green lights that thy days may be long in the land which the Lord thy God gives thee.
- 6—Thou shalt not kill.
- 7—Thou shalt not stop abruptly.
- 8—Thou shalt not stall-park a street car, loading and unloading.
- 9—Thou shalt not flash big lights at thy neighbor.
- 10—Thou shalt not shoot at thy neighbor's car, nor his fender, nor his bumpers nor his looks, nor his glass, nor anything that is thy neighbor's.

BIG MINERAL SURVEY WILL BE CONTINUED

Program Inaugurated Last Year Will Be Carried on By Ottawa

OTTAWA, April 17.—The intensive survey program of the Dominion department of mines, inaugurated last summer will be continued this year, departmental officials said Thursday.

The work will be continued by University students anxious for work during the summer holidays. Last year about 800 retrained undergraduates were given jobs in this work and it is expected almost as many will be needed this year.

START EARLIER

The surveys will start earlier this season. The money was not available last year until late in June and the parties were not in the field until July.

The vote last year was \$100,000 and all but \$15,000 were spent. This balance is available this year with a vote of \$250,000 in the main estimates, bringing the total up to \$350,000. Of last year's vote, however, \$200,000 was spent on equipment for the 190 parties. This equipment will be available this season, so that there is no further delay in the supplementary estimates there will be almost as much money available for actual survey work as last season.

Last year 800 boys with some 200 experienced men were sent into the wild country from the Atlantic to the Pacific. Only one life was lost, a regular employee of the department was drowned. Another man working in northern British Columbia had his leg broken and was taken to hospital. Otherwise the entire project was remarkably free from accidents.

This year the parties will continue surveys started last year. One of the principal objects of the survey is to provide prospectors with data to guide them to the most likely places to find minerals.

Another project seeks information on water supplies in certain sections of Saskatchewan. Archdeacon, famous mathematician of Sicily, was so elated at solving one great problem of the department that he sprang from his bath and ran into the street, shouting, "Eureka!"

Build Transatlantic Titan

Soon to be ready for trial flights is the first of several transatlantic airplanes being built at Rochester, Kent, England. The above picture indicates the size of the huge flying boat as it means completion. At a total cost of \$1,000,000, 29 such craft are being built to cover the 2,000 miles of open ocean between Ireland and America. Service will start this summer.

BULLETS IN BACK DEATH PENALTIES

PEIPING, April 17.—Authorities are trying to impress the lesson "crime doesn't pay" by holding public executions of criminals.

As 5,000 people watched, 30 condemned bandits, drug dealers and thieves were shot in the recent lot just outside the temple of agriculture in three separate execution ceremonies.

Death came swiftly to the doomed men, who were alleged to have been allowed to drink all the fiery native wine they wanted before the execution took place. They all came on the field shouting defiance of death.

Arriving at the field in army trucks they were made to kneel in the manner traditional for Chinese criminals when execution was performed with big guns. The condemned were shot from behind by soldiers using automatic pistols. As they knelt in

Lads Practically Nude; Moustaches Are Shaved Off

HAVERLOCK, Ont., April 17.—Nine young lads of this village near Peterborough, left practically in the nude Thursday—they had their moustaches forcibly shaved.

Ridiculous in growing because so keen it was decided all should be shaved off to keep peace.

Two Fliers Killed

LONDON, April 17.—Two army aviators were killed when the plane they were flying during exercises at a training school near here burst into flames and crashed into a hangar.

front of their own rough efforts, a police officer read out their crimes from the placard each bore on his back.

AS COOL AS A FRESH BREEZE

"AS COOL AS A FRESH BREEZE" CIGARETTES Pleasantly Mentholated

Air-Conditioned by MENTHOL! CORK TIP OR PLAIN

you can now buy a RECONDITIONED CAR with these Positive Guarantees!

Your satisfaction is positively assured by the Ford Dealer's 3-5 Plan. It offers a 3-day Money-back Guarantee or a 5-day Free Exchange Privilege... Plus a 50-50 30-day Warranty*

USED CAR BUYERS have found the word of the Ford Dealer as dependable as his merchandise. Last year, thousands bought reconditioned cars under the Ford Dealer's Protective 3-5 Plan. They wanted low prices—economical performance over thousands of miles—fine appearance. They got them—plus.

*New 50-50 30-day Warranty

Now your Ford Dealer has gone a step further with the Plan that gave such solid satisfaction. You do not have to be a mechanical expert to pick a used car. You can buy a reconditioned car from him with even greater confidence. To the 3-day Money-back Guarantee and 5-day Free-exchange Privilege, he has added a 50-50 30-day Warranty—providing for repair or replacement of any part or parts liable in the Warranty Certificate found to be defective within a month of purchase, at 50% of the standard charges. Glass and tires alone excepted.

Look for the 3-5 Plan Diamond Label When You Buy

Come to your Ford Dealer's Used Car Department. Look over his wide selection of late models of all leading makes, which have Diamond labels on the windshields. You will find it the finest assortment in your neighborhood. Read the low prices and long list of inspections and operations performed—all clearly shown on the radiator tags. If the car you choose costs \$300 or more, you will receive with it a signed Warranty providing for a full refund of your money within 3 days of purchase date, in the event that you are dissatisfied with the car. If priced from \$150

to \$300, your Warranty will provide that you can exchange the car for one of similar cost, or for credit on a higher priced car, or a 1936 Ford V-8—provided request for exchange is made within five days of purchase.

The Ford Dealer is proud of his reconditioned cars. You have his word that everything about them is right. See them today.

It pays to look for these Diamond labels when you buy a reconditioned car.

FORD MOTOR COMPANY OF CANADA, LIMITED

HOTCAKE-EATING BANDIT STEALS \$17 FROM CAFE

"Hotcake Harry" eased himself into El. Con's Silver Grey cafe, 901 Jasper avenue, shortly before 2 a.m. Friday, slipped \$17 out of the till and fled into the night with white-hot water.

Police Richard Harembach, in following pursuit. Walter Bruno was alone in the cafe when "Harry" entered quite casually, sat on a stool at the counter and ordered a stack of "hotcakes." Amiable citizen, he had made his first appearance at the cafe in previous raids, consumed great quantities of pancakes and remained for four hours while he discussed affairs of state with the waiter.

Bruno delighted Bruno, a philosopher and conversationalist of the old school, was so taken with his new friend and rushed out to the kitchen for the "hotcakes." Coming back into the cafe he was horrified to see "Harry" scoop some cash out of the till and slip out the front door.

With a scream of rage Bruno headed to pursue him but he couldn't even catch him. There were no other customers in the cafe when "Hotcake Harry" completed his depredations.

Bruno Very Shocked

"I'm shocked and surprised," Bruno said sadly, while Restaurateur Con, summoned from his warm bed, was escorted by the police. "I was just about to go to bed when I saw this fellow—'Harry'—coming in. He was such a nice-looking young fellow—I wouldn't have thought it."

"If you lined up a million people to recognize him, I don't think I have a gun—he'd just run like hell."

VENICE NOW ACTUAL LAKE

VENICE, April 17.—Venice, famous for its canals and gondolas, became an actual lake last night as a strong south wind pushed the tide back to a height of more than two feet in the San Marco Piazza and every street in the city.

The water began to flow over the streets in the city, continuing until it caused considerable inundation in the memory of the oldest inhabitants.

The flood waters had subsided considerably by midnight. A Leykington, Eng. confederation, constructed a cake model of Westminster Abbey. The model resembled a lion.

AMERICAN GIRL WINS DIVORCE FROM CHINESE

COLUMBUS, O., April 17.—An east-west romance that blossomed in a Columbus 16-cent store ended Thursday when the court of domestic relations granted Mrs. Viola Brown Lin an uncontested divorce from James Lin, foster son of China's president.

Judge Clayton Rose restored Mrs. Lin's maiden name and approved a property settlement. Mrs. Lin, 28, who had been married for two years, but which court attaché said gave the American.

In brief testimony Mrs. Lin told of her husband's behavior between \$2,000 and \$4,000. In brief testimony Mrs. Lin told of her husband's behavior between \$2,000 and \$4,000. In brief testimony Mrs. Lin told of her husband's behavior between \$2,000 and \$4,000.

Mrs. Lin's divorce suit had been pending since Dec. 2, shortly after her husband's disappearance from China disclosed that Lin had a Chinese wife of whom the American Lin professed to know nothing.

P.E.I. TO BAN SLOT MACHINES

CHARLOTTETOWN, April 17.—Based on acts in force in Manitoba and Saskatchewan and before the Nova Scotia and New Brunswick legislatures at present, a bill aimed at slot machines received second reading in the legislature Thursday.

Premier Thane Campbell, sponsor of the bill, told the house the machines were "hugely popular" and were "not to be illegal under the criminal code."

The bill provides that slot machines were not subject to property rights within the province and could be seized by police when in operation.

Treason Arrests Mount In Germany

BERLIN, April 17.—Arrests for treason are mounting so high that a special travelling court has been set in motion to try the cases. The court is in the central town of the district, where accumulated treason cases are being tried.

To Sell Jail

VANGUARD, Sask., April 17.—With morals of urban residents so much improved with a year of depression, the village council here has decided to sell the local jail as a white elephant. A local distributor of oils is negotiating the purchase.

Marie Blizard, Author, Wanted to Be Movie Star; Instead She Writes Serials

Marie Blizard, author of the new serial, "Folly and Farewell," beginning soon in The Bulletin left the comfort of a well-to-do education, with dreams of becoming a film star. As the first step, she went to work as a reporter on a New Haven, Conn., newspaper and presently was reviewing movie pictures.

"I can do better than that," Miss Blizard told herself, switching the screen actors. So she went to New York, got as far as a studio door, and then—frightened—ran away. Since then Miss Blizard has written advertising, magazine articles, radio continuity, and novels—but the greatest she has come to enjoying the movies is writing about them in her latest serial, "Folly and Farewell."

She became an advertising copywriter for a department store and, three months later, joined the editorial staff of Conde Nast publications, doing smart pieces for Vanity Fair and Vogue. A newspaper lurched her away and she was in the midst of a brilliant newspaper career when she broke a windshield with her head in an automobile accident and had to fight off death for months in a hospital.

Miss Blizard doesn't surround herself with any illusions. She'll tell you, for instance, that she isn't

MARIE BLIZARD

pretty, and that she has a bad temper, and that she sometimes bites her nails and mercifully plugs them into doing things that she doesn't want to do. She's her own "best friend and severest critic." She isn't married yet.

KIDNAP THUG RECOGNIZED IN SEATTLE

Former Convict Tells Police He Saw William Dainard on Street

SEATTLE, April 17.—The Seattle police have learned a former convict told authorities last month he had recognized William Blizard, accused leader of the George Weissenhauer kidnap gang, on a street here.

This report, the paper said, was made about the same time approximately 8000 in altered uniforms were discovered by banks here. The bills were altered in such a way, the paper reported, that microscopic examinations were necessary to determine their validity. The part of the \$200,000 lot of Mrs. Tacoma boy and last Mr. and Mrs. Thiel Weissenhauer of the lumber family.

Reinard, alias Mahan, who once lived in southern British Columbia, has been sought since Harmon Mott, Walter and John, who were captured in Seattle, a 47-year-old man in Alcatraz prison and his wife a 20-year-old woman in the women's detention farm at Alcatraz, Mich., which is serving the crime.

Authorities declined comment on the report.

CHECKED M. P. FOR SMOKING

LONDON, April 17.—Miss Ellen Wilkinson, Labor M.P. for Jarrow, who had just "lit up" while attending a House of Commons standing committee, was called to book for the transgression of the rules and the chairman, Major J. Miller, also a Labor M.P., asked her to do so.

Miss Wilkinson, stubbing out the offending cigarette, said: "I am sorry, Mr. Chairman, but I thought in committee it was done."

YOUTH MAKES CROSSING ON FLIMSY RAFT

William Ordano Walks Into Port Angeles After Conquering Straits

PORT ANGELES, Wash., April 17.—William Ordano, young Victoria inventor, last night was planning future experiments with his home-made motor, after successfully crossing the 18-mile wide choppy straits between Puget Sound and the Strait of Juan de Fuca.

Ordano walked into Port Angeles last Thursday after United States coast guard planes had scanned the straits for the 25-year-old craftsman and his bizarre boat for more than three hours.

ADVENTUROUS CROSSING
He reported to immigration authorities and then told of his adventurous crossing. He had been lured by the straits which he said. At one time he had been driven against the Race Rocks after his craft had become water-logged. Driven nine miles from his course, Ordano reached Freshwater Bay late Wednesday night after paddling his craft approximately 27 miles, and set up camp in the woods. He had enough clothing to keep him warm—wool, trousers and running shoes—and he did not suffer from his night in the open.

LEFT "FINNER" ON SHORE
Early Thursday he set out for Port Angeles, carrying his "finner" boat on the shore.

"I saw a coast guard plane searching for me yesterday afternoon," he said. "But I was close to the American shore by that time and the plane was too far out to sight me."

Ordano said he planned a similar trip from Victoria to Vancouver later in the summer.

WANTED POPULARITY
He wanted to popularize his boat as a beach toy, Ordano said Wednesday when he set out from Victoria shortly before dawn.

The boat consists of two shallow cedar pontoons attached to a narrow raft on which the operator lies, face downward, dipping small fish-shaped paddles into the water and moving them backwards and forwards to enable the swimming movements of a fish.

When he started out Ordano was wearing only swimming trunks and it was thought he could not survive in the elevated bays in front of the "finner."

Indians' Quit Reserve To Play Coast Lacrosse

CALEDONIA, Ont., April 17.—Six Nations Indian reserve lacrosse team suffered a severe blow when seven of its star players left for Vancouver where they will play this summer. Ranked high in the Britannia district, the players who departed for the coast are Hubert Smith, Stan and Cecil Bomberry, Gilbert Thomas, Russ Smith, Jack Squires and Cecil Van Enver.

Switzerland has more people over 60 years old living within its boundaries than any other country in the world.

Ice Breaks Up
SASKATCHEWAN, April 17.—The ice in the South Saskatchewan river began its long trek to the sea Thursday with hundreds in the city watched the spectacle. The water level rose five feet in the past 24 hours to break winter's grasp. The level was 12 feet above the low level of winter.

Teachers Approve of Political Activities On Part of Officers

CALGARY, April 17.—Privilege of officers of the Alberta Teachers' Association participating in political activities was emphatically endorsed here Thursday at a general meeting of delegates to the organization's annual meeting.

A resolution sponsored by the Calgary men's local urging that officers be required to refrain from any activities that would associate the A.T.A. with any political body was defeated almost unanimously. There was little debate on the motion.

The resolution charged "in the past officials of the A.T.A. organizations during their period of office have participated in the activities of political parties and thus have embarrassed the local situation by having their speeches reported as expressing the opinion of the teaching body as a whole." Changes in curricula and grade representation for the A.T.A. on boards governing education were requested in a number of resolutions.

The meeting passed a resolution urging the minister of education—Premier Albert—to abolish term contracts between teachers and boards and also urged continuous functioning of the board of reference.

Delegates voiced satisfaction with amendments to the teaching profession act and asked for additional representation on the examination board. They also requested that the government provide for a board with statutory powers to regulate and supervise certification of teachers, normal schools, examinations, curricula and textbooks. The board to include teacher representatives.

SUSPENSION ASKED
Suspension of certificates of teachers who had been absent from practice of the profession for five consecutive years or more, until those teachers had taken a refresher course at a normal school or summer school was asked.

PROTEST NAME OF BERNHARDT FOR NAZI SOUP

NURNBERG, Germany, April 17.—In a letter to the anti-Semitic newspaper Der Stürmer published here Thursday, a Red protested against the use of the name of Sarah Bernhardt, the famous French actress, for a soup destined for Nazi soldiers. A letter, said, advertised "Sarah Bernhardt" soup.

"My friends and I," the correspondent wrote, "believe that a German hotel which takes to serve dishes with Jewish names outrages every philosophical conviction. If this continues, we will be treated to Livorno, and Einstein metallurgy."

FIRE SWEEPS PRAIRIE TOWN

ALLAN, Sask., April 17.—Six business premises and one residence were totally wiped out in a disastrous fire which broke out around 5 o'clock Thursday afternoon. Three more business premises and another residence were badly damaged by the flames.

Preliminary estimates of the damage ran well in excess of \$50,000. The insurance was carried by the fire of the merchants who lost by the fire. In most cases some of the contents of the buildings were saved.

Switzerland has more people over 60 years old living within its boundaries than any other country in the world.

Maine Has Plenty Potatoes Should Canada Run Short

AUGUSTA, Me., April 17.—Chas. White, chief of the division of marketing, said Thursday Maine farmers had plenty of potatoes available for relief of a reported potato shortage in Canada.

He said they had hauled large quantities of potatoes into Canada and 42,000 carloads, priced at \$1.10 to \$1.60 per hundred-weight, were ready for marketing.

FATAL COAL MINER'S EXPLOSION CASE BY GAS

Recovered On Friday After Lengthy Hunt

Mr. Justice Lunney Fines His Official Report on Tragedy

COMPANIONS MADE BRAVE EFFORTS TO SAVE HUGHIE WYNN IN MILL CREEK

After nine hours of difficult search by police and firemen, the body of 11-year-old Hughie Wynn, drowned Thursday forenoon in the mill creek, was recovered at 11 a.m. Friday. Fireman J. Butler located the drowned boy close to the east bank of the creek, about a mile from the point where he had slipped in.

Hugh Wynn was aided in his search by Constable Sam Kennedy and Fireman J. Butler. The body was taken to the morgue and the funeral services have not yet been arranged.

Hugh Wynn, son of Mr. and Mrs. W. Wynn, 2015 48th avenue, was drowned when playing with a gang of boys who were swinging from a bar to bank above the current in a rope tied to the trunk of a large tree leaning over the creek.

FORGOTTEN HUMAN CHAIN
He had swung out but was held by the rope and his feet were caught in the chain. Four of the other boys immediately tried to form a human chain but, before they could reach him, he lost his grip and slipped into the icy water.

Immediately Bob Woodman and Tom Bradley dove in, fully convinced they might hold on to him, but the current forced them to let go. The boys were then taken to the morgue with difficulty. Wynn was never to grasp a willow branch again.

—Lt. Dick Calkins

The nesting habits of the petrel are unique. In June, the male birds cease their months of wandering over the ocean, and begin to build burrows for their nests. Later, their males arrive, and soon one white egg is laid in each nest. The male and female take turns sitting on the eggs, and each sits for days at a stretch, without

Freckles and His Friends —By Blosser

WAS THAT SOON AFTER YOU'D RECEIVED PHONE CALLS FROM PEOPLE, BAWLING YOU OUT FOR TAKING THE KID INTO YOUR CUSTODY?

THEN YOU FIGURED THE BOY LEFT BECAUSE HE DIDN'T WANT YOU MIXED UP IN A LOT OF GOSSIP AND CRITICISM?

WELL, YOU WERE RIGHT!
THEY FOUND THE BOY
OUTSIDE JUVENILE HALL,
POUNING ON THE DOOR.

IVE KNOWN LOTS OF
PEOPLE WHO WERE LAW-
ABIDING CITIZENS, BUT I
NEVER HEARD OF A
GUY GOING TO THAT
EXTREME TO PROVE
IT!!

By Williams

Hoover Gives Warning of Kidnap Wave
 WASHINGTON, April 17.—J. Edgar Hoover, who says any slush in appropriations requested by the justice department's Bureau of Investigation might result in a new wave of kidnapping was made public today by the United States Senate Appropriations Committee.
